## Winter Classic One Day Tournaments

One day competitive events allow teams to compete who like to travel from further out for a day of competitive games. Our Tournaments are popular and feature single age groups with teams traveling from all over the Midwest on these days to play.

## League Management

Player registration is simple for our teams. We use a simple program through League Apps which allows each team to register their players & accept waivers without having to collect paperwork. Everything is done electronically which creates a team's eligible roster. Parents only need to accept the waiver & provide proof of age to ensure a positive integrity within each age class. An amazingly simple process.

### Southland Soccer league App

Once all the players are registered within a team that team has their own page on the app. Here you can see your team schedule, the approved roster, and standings. Coaches can use their app page to communicate with their own team if they choose to.

## Field Sponsorships

Field naming for the season gets business great exposure as the fields are named after our sponsors with direct links from our website, app, and large signage for the league and tournaments. Sponsors will be allowed to set up on specific dates to promote their business if they would like to. See our website for last years amazing sponsors! Limited to 6 sponsors.

### Why play at the Southland Center?

Our league and teams that play here keep integrity & age classes that match single birth years. The complex is clean, boasts a nice sports restaurant and plenty of parking. The Southland Staff is tremendous & keep everybody safe & happy.
