

The Ho Chunk - Sports Complex Tournament Rules 2022

Extra Players & Continuous Batting	Age divisions 9 – 14 will use a continuous batting order. If a team has 10 or more players present, they must bat 10 . <i>There is no penalty for having less than 10 players present.</i> If a team has less than 10 players present and an additional player arrives late, that player must be inserted into the last spot in the batting order (10). If a team starts with 9 players and 10th player arrives late, he will be placed in the batting order as the 10th hitter. If one of the teams has less than 10 batters in the lineup at the start of the game, the other team has the option of matching the same number of batters. Example: A team only has 9 players to start the game. That team has a 9-man batting order. The opposing team has the option of using a 9-man batting order also. The rule regarding late arrivals will apply to both teams if a player arrives late for the team starting with 9 batters. The team with 9 or more must match the number of batters to reflect the same number of batters as the opposing team. The added batter will be utilized from the team's non-starters/substitutes. If a team has more than 9 players present, they have the option of batting as many players as they want. The opposing team does not have to match more than 10 batters. If a team chooses to start a game batting more than 10, they must finish the game batting the same number of players they started the game batting. Age divisions 15 and older are wooden bat and above have the option of using a 10-man batting order. The 10th player is considered an Extra Player (EP). There is free substitution among the 10 players listed in the batting order. If a team is using an Extra Player, the original 10 batters are considered the starters for re-entry purposes. Teams also have the option of batting as many players as they want. The Extra Player rule applies for each additional player.																					
Time Limits	Game start time begins with the coin flip. All pool games will have a 1 hour 45-minute time limit. Once an inning starts it must be completed unless the home team is winning. The official time is ended when the third out of the bottom of the inning is made. If 1 hour 45 minutes or more has expired when the third out in the bottom half of an inning is recorded, the game is over. If less than 1 hour 45 minutes has expired when the third out of the bottom half of an inning is made the next inning starts and must be completed unless the home team is ahead. If the Home Team is ahead and batting when the time expires, the game ends at that point. Exception: Ages 15U-18U must play at least 5 innings, 4 ½ if home team is ahead unless ended by mercy rule, even if 1 hour 45 minutes has expired.																					
Re-Entry	Only original starters. Extra players are considered starters for this rule. If a starter re-enters he must re-enter in his original spot in the batting order.																					
Pitching Limits	We will no longer keep track of pitch counts.																					
Courtesy Runners	In all age divisions, courtesy runners are optional any time for the pitcher & catcher. The courtesy runner may be a player not currently in the line-up or the player who made the previous out. The team has the option of using either. If a team chooses to use a player in the line-up, the runner used will be the player who made the last out prior to the pitcher or catcher getting on base. If a team uses a player not currently in the line-up that player can only run for either the pitcher or catcher but not both. If both the pitcher and the catcher get on base in the same inning, then the runner for the second player will be the player who made the previous out to the last out. If either the pitcher or catcher is the first hitter in the inning, the runners are selected from the recorded outs from the previous inning. If the pitcher or catcher is the leadoff hitter and reaches base safely in his first at bat and there is no non-starter to be the courtesy runner, he must stay on base until an out is recorded. The pitcher or catcher for this rule is the pitcher or catcher of the previous inning, with the exception of the top of the first inning. The pitcher or catcher is considered official if they are listed as such with the starting lineup.

Inclement Weather	If a game in progress is stopped due to inclement weather, a game will be considered official if 4 innings are completed, 3.5 if the home team is ahead. If less than 4 innings have been completed the game will be suspended and completed through 4 innings at a later time. If a team has a 4-run lead or more in a game stopped by weather, the game will be considered complete as long as the home team has had an opportunity to complete their half of the inning the 4-run lead occurred.																					
Tie Games	ONLY APPLIES TO QUARTER FINALS, SEMI FINALS AND CHAMPIONSHIP GAMES In the event a game is tied after a time limit expires or the regulation innings have been completed, we will use the following rule in an attempt to break the tie: 1) Each team will start each extra inning with a runner on second base and 0 out. The player on second base will be the player who was the third out from the previous inning. 2) Each batter will start his turn at bat with no count.																					
Conferences	On the second charged conference in the same inning or a third charged conference in a game the pitcher must be removed from the pitching position for the duration of the game. This applies for each new pitcher. In the event a game goes extra innings, each team gets 1 additional charged conference per each extra inning.																					
Home Team	Home team will be determined by coin flip in all games, except in Quarter Finals, Semi Finals and Championships higher seed is home team.																					
Slide Rule	There is no mandatory slide rule. However, players are encouraged to slide if possible. When a defensive player clearly has the ball and waiting for the runner and the runner deliberately, with force, maliciously crashes into the defensive player the runner will be declared out. The offender is ejected, the ball is dead, and all runners must return to the last base touched at the time of the collision. This is an umpire's call, and his judgment is final.																					
Intentional Walks	There will be no pitches thrown to intentionally walk a batter. Notify the umpire and the batter will award 1 st base.																					

<p>Leadoffs, Stealing & Balks</p>	<p>Lead offs & stealing is permitted in all ages except 9U. In the 9U division base runners may not leave the base until the ball is released from the pitcher's hand. Stealing home is allowed. Violation results in the runner(s) returned to the base they left. In the case of a hit, with exception of out of the park home run, all runners may only advance 1 base and the batter may only advance to 1st base. Balks will be called in all age divisions except 9 & Under Division.</p>

<p>Forfeits</p>	<p>If a team is the recipient of a forfeit the forfeit score will not be a 7 – 0 score. The forfeit score will be determined after the forfeit recipient plays the other games. After the other games are completed the scores allowed in those games will be added then divided by 3 or 4, whichever applies, to get the runs allowed in the forfeit game. We will then add 1 to that number for the runs scored. If a team forfeits the final game of pool play, they will not be allowed to advance to finals.</p> <p>Teams may play if they have 7 players but will have an automatic out recorded each time the spot in the batting order comes up. Teams must designate batting order spots for the absent player. If a player arrives late, they will be inserted into one of the vacant spots to avoid the automatic out in that spot.</p>
